Dear Mr. Hedberg:

Feller Stone, Inc. has submitted the attached Notice. Our file number is UTU-73395 and the UDOGM number is S/053/046. The Notice is composed of two parts, an initial submission and supplemental information showing location of proposed work and existing disturbance. They are proposing to use existing roads and open up a two acre minesite. If this proposal differs from their submission to you, we would appreciate a copy of their Notice to you.

This site has already been extensively disturbed by N.H. Adams under a Notice filed in 1987. Mr. Adams is deceased, and his family dropped the claims, so his operation is considered to be abandoned. We do not have any record of the UDOGM serial number for the Adams' operation.

Comments concerning this proposal need to be submitted as quickly as possible. If you have any questions or comments, please contact me at this office at extension 205.

Sincerely,

Larry Gore
Geologist
